The combination has the approval of physicians because it is known to be truly beneficial, and because it has given satisfaction to the millions of well-informed families who have used it for many years past.

"HAY"

I am now in the market for hay at the top price, and can give you as good service as any buyer, or better, as I have ample storage in case of scarcity of cars, and this has been the greatest trouble at Waldo. I use a gasoline hay press and there is nothing better on the market in shape of a hay press. I don't ask you for any fuel, no chance of burning your buildings as with a steam engine. For prices and other information call on or telephone C. W. Conklin at Waldo, who will always be at your service and will give your interest his very best attention.

For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in
